

Party Schedule – Charming Accessories

upon arrival

- We kindly ask guests to arrive 5 minutes before the scheduled party time.
- You will be greeted by one of our friendly staff out the front of our studio. This is an exclusive use space and only host one party at a time. The existing party could still be finishing so we will bring you in once they have vacated the studio & we are set up and ready to go
- Once all the guests have arrived, your party hosts will commence and get the party started (we allow for a 5 minute “late window” for guests who may running late).

it's time to Accessorise!

- The hosts will then begin going through and showing the guests the 6 different accessories they are each going to make:
 - Beaded pen
 - poppit charm keyring with lanyard
 - food charm keyring with lanyard
 - Linking chain beads made into a necklace or phone/ipad lanyard/keyring
 - Linking chain beads made into a personalised keyring using first name initial letter bead
 - Personalised slap band (using stickers, textas & gems)
- First step, we start with choosing our poppit charms, food charms & beads for our pen (so many to choose from, how do we narrow it down)!
- Second step, guided by the hosts, we start by beading our pen, using the beads we each individually chose, making this a one of a kind.

- Third step, we make our first keyring with our poppit charm, wrist lanyard & lever hook
- Fourth step, once again guided by the party hosts, we continue making our own accessories, by learning how to bead with our linking chain, we will make our personalised keyring using our first name initial letter bead, lever hook & buckle keyring

let's play!

- Time for FREESTYLE!! This is where the party guests get to play with their creativity and unleash their creative skills now they have the know-how. Party guests will create their remaining 3 accessories themselves (second keyring, necklace/or phone lanyard & slap band) with supervision and assistance from the hosts where required, we like to turn the big, bright studio lights off, and decorate via our party & neon lights and playing music (we like to call it disco decorating/creating)

accessories wrap up

At the end of the accessory making (1 hour), we will provide each guest with a lobster clasp so they can safely transport their accessories home in and show off their masterpieces to family and friends!

- The creating part of the party ends with clean up instructions to prepare for party food time.

It's time to eat

- After 1 hour of creating, we have the remaining 1 hour of the party to serve party food, cut the cake, mingle, play limbo, hang out & dance.
- The official hosting aspect of Cake It Up's party concludes after 2 hours from the party start time and the party hosts will assist the guests in finishing & packing up. We then officially hand the children back to the host parent's supervision until parents arrive to pick up their children.
