

## Party Schedule – Donuts & Crazy Shakes

### Upon arrival

- Your Cake It Up hosts will greet you at our studio front door. We will quickly run through the party outline for the day, and take any party bags, balloons, cakes, presents or belongings you have brought into the studio. This is an exclusive use space and only host one party at a time. The existing party could still be finishing so we will bring you in once they have vacated the studio & we are set up and ready to go
- We kindly ask guests to arrive 5 minutes before the scheduled party time, we ask you write an earlier start time on your invitation, i.e. if your party starts at 10am, please write 9.55am sharp for a 10am start.
- Once all your guests have arrived, your party hosts will then speak to all guests out the front of our studio & then welcome them into the studio as a group when we will then commence and get the party started (we allow for a 5 minute “late window” for guests who may running late).

### it's time to get creative!

- The hosts will begin going through their decorating kit with their guests.
- Hosts will introduce and explain what we are making, showing them examples of what they can make, first up, a marble pattern donut – the kids will start to think of their colours and patterns they would like to make. This is when the excitement truly begins & the creative cogs start to turn, it is great to see.
- Party guests are guided by the party hosts who will be giving a live demonstration of each step, step by step as they go along so no one will be left behind.
- First step, each guest will learn how to correctly flour their board & rolling pin, this is the fun part of learning and doing things from the start, the right way!

- Second step guided by the hosts, each guest will start to soften their fondant, choosing different colours to use in their marble design, often coming up with their own creative twist on these techniques. Once we've each decided on our colours, we teach the guests how to create their marble pattern.

### **let's get decorating!**

- It's time to cover our first donut! With our guidance, guests will stick their marbled fondant to their donut, this is where the magic truly begins, the look on the faces when they see their first donut decorated, this is priceless. This part of the party is guided but also freestyle, allowing each guest to truly get creative. We help and assist when guests need us, the important thing here is we help, not take over their creations, that's the Cake It Up difference. We love to foster creativity and not force it; we love seeing the guest creativity come to light!
- We then go into freestyle time for the remaining 2 donuts, assisting guests where needed, but allowing the freestyle nature of this part of the party to continue to flow, after all, that's what creativity is all about, letting your creative juices flow!
- We also turn down the bright lights & turn up the party lights & music, we pick a playlist and off we go!

### **Let's Shake It Up!**

- At the end of the donut decorating, we clear our spaces to make way for making & shaking our milkshakes.
- Each guest will choose a flavour, we start by pouring in our milk, then adding our chosen flavour – then we shake it up!
- Finally, we pour this into our cup & add our lid, place donut on top and finish off with the most creative part of the party, decorating the top of their shake making wavy sour strap sticks & placing all their other lolly decorations on top, this is like the cherry on top, this where their entire design comes together, it is so much fun & wonderful to see!

### **It's time to eat**

- After decorating our donuts & making our crazy shakes time, it is time to sit and enjoy our creations.
- Party hosts along with the guests start to clear away the balance of their decorating tools & shakers, all sitting down to mingle & enjoy their creative shake!
- We move forward with the remainder of the party to serve party food, cut the cake, mingle & hang out, put music on and dance for the remainder of our party time.

## Party Inclusions

- ✓ 3 donuts each to decorate
- ✓ Lollies, fondant & other decorations
- ✓ Milk, flavouring & straw to create their very own crazy shake with
- ✓ A clear, recyclable milkshake cup to drink & enjoy their masterpieces from, this also allows each guest to take their shake home if they don't finish their shake
