

## Party Schedule – Cupcake Decorating

### upon arrival

- We kindly ask guests to arrive 5 minutes before the scheduled party time, we ask you put an earlier start time on your invitation, i.e. if your party starts at 10am, please write 9.55am sharp for a 10am start.
- You will be greeted by one of our friendly staff out the front of our studio. This is an exclusive use space and only host one party at a time. The existing party could still be finishing so we will bring you in once they have vacated the studio & we are set up and ready to go
- Once all your guests have arrived, your party hosts will then speak to all guests out the front of our studio & then welcome them into the studio as a group when we will then commence and get the party started (we allow for a 5 minute “late window” for guests who may running late).

### it's time to Cake It Up!

- The hosts will then begin going through the cupcake decorating kits with the guests.
- They will introduce and explain how to use the tools, cutters and fondant - which they start to feel and play with the fondant. This is the fun part as the party guests get to look, touch, feel and figure out what all their tools are for.
- Party guests are guided by the party hosts who will be giving a live demonstration of each step, step by step as they go along so no one will be left behind.
- First step, we soften and roll out the fondant and cut out a whole lot of shapes with the cutters, this is the fun - deciding what shapes to cut out, why not cut out one of everything!
- Second step, guided by the hosts, we roll out fondant to form the base of our cupcake decorating, we will use frilly cutters as well as embossing rollers that give the cupcake that extra unique flare.

- Third step, once again guided by the party hosts, we continue decorating the cupcakes with some of the shapes that we cut out in the first step, each guest learning not only how to stick the base fondant layer to the cupcake with the frosting, but then how to layer and decorate the cupcake with the fondant shapes cut out – we will decorate 3 cupcakes each together with the host.

### **let's play!**

- Time for FREESTYLE!! This is where the party guests get to play with their creativity and unleash their decorating skills now they have the know-how. Party guests will decorate their remaining 3 cupcakes themselves with supervision and assistance from the hosts where required.

### **decorating wrap up**

At the end of the decorating (1 hour), we will provide each guest with a special window cupcake box so they can safely transport their decorated cupcakes home in style and show off their masterpieces to family and friends!

- The cupcake decorating ends with clean up instructions to prepare for party food time.

### **It's time to eat**

- After 1 hour of decorating, we have the remaining  $\frac{1}{2}$  hour of the party to serve party food, cut the cake, mingle & hang out.
- The official hosting aspect of Cake It Up's party concludes after 2 hours from the party start time and the party hosts will assist the guests in finishing & packing up. We then officially hand the children back to the host parent's supervision until parents arrive to pick up their children.
